CROSSED SWORDS STORY

The Devil Man devastated the land of Katasas, which no longer is the passage to the Devil World. People were beginning to forget the Devil World along with the skill of their magical power.

One hundred years later...

Katasas built the great kingdom of Belcana by uniting several countries in close vicinity of each other. Angster Jr. ascended to the throne of the first King of Belcana. The people were applauding their prosperity yet, some evil rumor started spreading among them. It was about a huge castle that was raised in only one night on Krugia Mountain in the far north. The King, Angster, felt the rumor must be investigated and dispatched a group to search out the truth. However, no one ever returned from their journey. Before long the evil rumor became a reality. The peaceful kingdom was exposed to the menace of the devil. The Devil being the ancient man named Nausizz who awakened from a thousand year sleep. Unfortunately, the knights of Angster have no skill of attack against Nausizz, so they were losing the battle. Will there ever be a brave enough hero to bring down the evil Nausizz?
